

Farmer Brown is a state of the art, motion graphics and visual effects studio producing high quality, cutting edge, design services for broadcast, film, and live special events. We would like to offer our services for any motion graphic needs you may have.

The Farmer Brown team also includes some of the best award winning broadcast designers and animators in the business and have experience ranging from single one off promotion spots to many full network launches and re-launches, over 100 show main titles and packages, live special event packages, and many commercial mnemonics and end tags. Farmer Brown also specializes in 3D special effects for commercials and film. Farmer Brown takes enormous pride in delivering fresh creative ideas in any format for every job and every budget.

To request a DVD containing some of our work, you can contact Tim Brown personally at 310-399-9059 or of course via email at tb@farmer-brown.com. We look forward to hearing from you.
